

Adani Dahanu Thermal Power Station honoured at Boiler India 2020, bags 1st prize in the 'Best Boiler User' category

Hon. Labour and excise department minister Mr. Dilip Walse-Patil inaugurated 'Boiler India 2020' organised by the Government of Maharashtra marking 150 years of the Labour department

Mumbai/Dahanu/Palghar, 28th February 2020: To mark the 150th year of Labour Department, Directorate of Steam Boiler, Labour Department, Government of Maharashtra had organised 'Boiler India 2020' to recognize the achievements of the best-established and rising business stars and individuals. We are pleased to announce that Adani Dahanu Thermal Power Station has received the first award in the 'Best Boiler User' category for efficient operations through the effective use of Boilers

ADTPS (Adani Dahanu Thermal Power Station) emerged victorious on the efficiency and reliability of the boiler due to its lowest failure rate and optimal functioning even after 25 long years. Along with regular operations, ADTPS carried out numerous community initiatives in neighbouring villages such as providing filtration units to ensure their safety, constructing tube wells, donating school supplies to children, nets to fishermen and medical camps. The past accolades presented to ADTPS and the continued global standards employed at the plant, aided ADTPS to bag first prize under the 'Best Boiler User' category at 'Boiler India 2020' awards.

Through stringent criteria of selection, the evaluation process included the performance areas of safety, green solutions, technology, recognitions and community welfare. An on-site visit and assessment of all parameters confirmed the list of award winners from 150 applicants.

The event witnessed manufacturers, service providers and professionals across six sectors such as power, sugar, captive/co-gen, rice mill/sizing, chemicals and textile. Numerous industry giants displayed their technologies comprising of heating and cooling equipment, turnkey power plants, waste heat recovery units, systems for water and wastewater management including wastewater recycling, air pollution control and performance improving chemicals, etc.

Shri. Dhaval P Antapurkar, Director of Steam Boilers, Mumbai, Maharashtra State and Shri. G.D. Wankhede, Dy. Director of Steam Boilers, Mumbai presented this honour to company officials of ADTPS.
