Editor's Synopsis

- **Corporates, Industrial, Commercial, Hotels and Restaurants and Residential consumers now have an option to switch to Green**
- **Adani Electricity Mumbai Ltd. (AEML) consumers can opt for Adani Electricity Green Tariff Initiative by paying additional tariff of Rs. 0.66 paise per unit**
- **The AEML consumers will have flexibility to decide what should be the percentage of renewable energy in their total energy consumption**
- **AEML to source 30% of total electricity from renewable sources by 2023. Contracts awarded post MERC approvals**
- **In addition, another 1000 MW with a large component of renewable energy has been proposed**

Mumbai, 4th June 2021: - To enable all consumers to achieve their targets and aspirations for Renewable Energy along with flexibility, Adani Electricity Mumbai Limited (AEML) a leading power Distribution utility for its consumers in Mumbai suburban area is offering **Green Tariff Initiative**. All consumers right from Corporates, Industrial, Commercial, Hotels, Restaurants and Residential consumers can now switch to Green Energy. The switch can be done with immediate billing cycle and customers will receive Green Power Certificate on a monthly basis with a separate green color bill indicating separate line item – Green Power Tariff.

Speaking on the option of Adani Electricity's Green Tariff Initiative, An AEML spokesperson said, "Adani Electricity's Green Tariff Initiative offers all its consumers the opportunity to be responsible citizens and together contribute to making the world, India, and Mumbai greener and more sustainable."

This innovative step will be significant contribution for consumers to meet their sustainability goals. AEML urges its consumers to participate in this innovative initiative for a sustainable future. AEML welcomes all members of RE100, a global initiative bringing together the world's most influential businesses committed to consumption of renewable energy.
