

Press Release

Adani Electricity employees donates blood to support Mumbaikars.

- **Blood Donation Camp was organised between 5th to 16th Jan 2021 across AEML offices**
- **During the pandemic Mumbai is facing the shortage of blood in Blood Banks and Hospitals**
- **AEML has always stood by the city of Mumbai in trying times.**

Mumbai, January 20, 2021: During the unprecedented times, the city of Mumbai is fighting more battles than we realize. While the fight against Covid-19 is still on, there are other challenges cropping up too. Blood banks and Hospitals across the city are facing severe shortage of blood to address the need of thalassemia, sickle cell and haemophilia patients.

Taking into consideration the severe shortage of blood in Mumbai, **Adani Electricity Mumbai Limited (AEML)** appealed to its employees to come forward and donate blood as the city needs it. A blood donation camp in this regard was organized between January 05, 2021 to January 16, 2021 in collaboration with State Blood Transfusion Council and Adani Foundation across AEML offices including its 500 MW thermal power plant at Dahanu.

Speaking on the Blood Donation drive, AEML spokesperson said, "In these tough times, AEML is aware that the city of Mumbai is running short of blood and we are happy that close to 600 employees came forward along with their family to donate the blood. AEML has always stood by the city of Mumbai in trying times whether it was working relentlessly in the lockdown to the Nisarga cyclone and during the power outage in October 2020."

The blood donation was organized in two categories. One as Regular Donor to fulfill the shortage of blood in the city and another as Special Donor for those who were affected from and battled Covid-19.

During the Blood Donation Camp all precautions like social distance, face mask and sanitizing of the location were taken care. Additionally, safety kits were also distributed to all donors.

About Adani Electricity Mumbai Limited (AEML)

Adani Electricity Mumbai Limited, part of the diversified Adani Group, is an integrated business of power generation, transmission, and retail electricity distribution. AEML owns and operates the largest and the most efficient power distribution network in India.
