PUBLIC NOTICE

Inviting Suggestions / Objections on Adani Electricity Mumbai Limited’s (AEML-T) Application for amendment of its Transmission Licence No. 1 of 2011 (Case No 127 of 2022)

1. The Adani Electricity Mumbai Limited- Transmission Business (AEML-T) has filed an Application for amendment of its Transmission Licence No. 1 of 2011 before the Maharashtra Electricity Regulatory Commission under the provisions of Section 18 of the Electricity Act, 2003 and MERC (Transmission Licence Conditions) Regulations, 2004. The Commission has admitted the Application on 03 October, 2022 and directed AEML-T to publish a Public Notice under Section 18 (2) of the Act.

2. Description of amendment of the existing Licence for which Application has been made to the Commission:
   - The Licence, along with the amendments thereto, granted to the Transmission business of AEML (AEML-T) is to transmit electricity within the area of transmission and is hereto line specific Licence in the Intra-State Transmission system for the State of Maharashtra, which inter-alia covers the Existing System as well as Proposed System as more particularly set out in its said Licence.

3. Rationale for proposed alteration or amendment:
   Licence issued to AEML-T is line specific, which means that it authorizes AEML-T to create operate and maintain assets that are specifically identified in the Licence. Since, AEML-T is not operating any specific transmission project, but it is a Transmission Licensee for multiple transmission lines/assets, there is a need to regularly update the specific transmission assets (lines and bays) mentioned in the Licence, as and when new systems are created or existing systems are removed or modified or more systems are proposed to be added. The amendment in the Licence is proposed as under:
   - Existing System, both for Transmission lines and bays is as per actual physical network;
   - Proposed system, both for Transmission lines and bays is based on:
     - Already approved DPRs by the Hon’ble Commission, or part of existing Licence for which the scheme is under execution/proposed to be executed;
     - Schemes proposed to be initiated by AEML-T as appearing in the STU Five year plan
